Silver Sponsors

Chapel Hill Farms

2200 Lee Rd. 044 Opelika, AL 36804

“Quality not quantity” is the motto of the Lee County Farm that produces competitive Hereford cattle for the show-ring and functional seed stock for cattlemen in the region. The herd, established 25 years ago, changed radically under the management of Katlin and Chandler to modern bloodlines that have balanced numbers, thickness, structural correctness, eye appeal, and performance. Flushes and embryos available.

Halawakee Creek Farm

1371 Co. Rd. 389 Opelika, AL 36801

Halawakee Creek Farm, in Opelika, raises mix-breed commercial cattle, and has been doing so for years. The practice was in effect before Dr. Chris Martin became involved with the farm five years ago, and he's continued in the tradition. Dr. Martin, a dentist by profession, calls the cattle business his hobby, but you could never tell it wasn't something more.

Animal Health Center

1520 2nd Ave. Opelika, AL 36801

Dr. Buddy Bruce is a veterinarian and owner of the Animal Health Center in Opelika. The Animal Health Center is a mixed practice. Bruce is a general practitioner, while his coworkers' Dr. John Sorjenen specializes in neurology, and Dr. Arvle Marshall specializes in hearing tests. “We're the other family doctor for the pets in the family,” Bruce said of his practice. Interacting with people is his favorite part of the job. Bruce's involvement in the Lee County Cattlemen's Association is longstanding and active.

Piedmont Fertilizer

P.O. Box 71 Opelika, AL 36803

Located in Opelika, AL the company serves 12 counties in a 60 mile radius. Piedmont Fertilizer offers bag and truck fertilizer to apply to pastures and hayfields. Piedmont also sells grass seeds, cattle feeds, pesticides, and herbicides.

Silver Sponsors

Canaan Cattle Company

Canaan Cattle Company is owned and operated by Sean and Susan Canaan and our daughter Calleigh, in Auburn, AL. We are a show and sale cattle company. Services provided include show and sale cattle preparation, reproduction and nutrition consulting, herd health management as well as sales and marketing assistance. Sean travels throughout the United States working with large scale and smaller focused operations in the club calf, purebred and commercial cattle industries.

C&H Farms

2270 Old Rd. Opelika, AL 36804

Randy Price has been in the cattle business for over thirty years, and runs the family owned C&H Farms. Hereford, Angus, SimAngus and Maintainer females are the various cattle raised amongst the farm. C&H Farms offers competitive club calves, bulls and heifers, as well as Tennessee Walking Horses. "We try to produce and sell a quality product, whether it's breeding heifers, show calves or bulls and we aim for satisfaction," said Price.

Sun South/Sikes Pet & Farm Supply

1780 East Glenn Ave. Auburn, AL 36830

Don Scarborough and Jason Sikes are silver sponsors cooperatively. They own different businesses: Sun South; an Sikes Pet & Farm Supply, respectively. Sun South is a John Deere dealership. Sikes Pet & Farm Supply offers a variety of resources and supplies.

2011 Beef Cattle Facts

Cattle Numbers Increase; Alabama Still Needs More Cows

On January 1 there were 1.23 million head of cattle and calves on Alabama farms according to figures released by the Alabama Agricultural Statistics Service. This is a 4% decrease, 50,000 fewer cattle than last year. As of January 1, there were 659,000 beef cows that had calved which is 1% less than year earlier figures. The state ranks 18th among all states in beef cow numbers.

Value of Cattle Inventory & Hay Crops

The total value of cattle on Alabama farms as of January 1, 2010 was \$857.6 million slightly more than last year. The value per head was a \$670, \$10 per head decrease over year earlier figures. Alabama cattle depend on hay as a major winter feed source and cattlemen produce a lot of hay each year.

Beef Demand Still Strong

Domestically beef demand has remained strong but the big increases came in the export market. This has added dollars to the pockets of our cattle farmers. In fact, 2010 was a record year for exports with 2.35 billion pounds of beef shipped overseas which exceeded imports by more than 605 million pounds. The value of beef exports was \$4.08 billion compared to import value of \$2.93 billion. Alabama ranks 17th among all states in the number of farms with beef cows during 2011. USDA figures show there were 21,415 farms in Alabama with beef cows that have calved.

Alabama Has Top Purebred Producers

Alabama has some of the top purebred herds in the country. These outstanding seedstock producers supply a large selection of outstanding bulls annually. All of the major breeds are represented.

ACA Membership at 10,862

With a month left in the 2011 membership year, membership stands at 11,004. This is a 351 member increase over last year's final membership.

LCCA would like to thank...

Gold Sponsor

Harbor Pointe Marina

397 Marina Pointe Rd. Dadeville, AL 36853

The Harbor Pointe Marina is a Gold contributor of the Lee County Cattlemen's Association. Billy Johnson, the General Manager of the marina and officer for the Cattlemen's Association is a proud sponsor of this association. Billy has two sons, one aged 24 who is a member of the Cattlemen's Association and his 14 year old who is a Junior Member. Their family raises Angus and Semi-Angus cows and has been taking care of cattle for 15-20 years. Billy Johnson believes that the Lee County Cattlemen's Association is a great organization for children. He also believes it helps them learn discipline and responsibility for their animals as they tend to them every day.

Silver Sponsors

BW Capps & Son, Inc.

5194 US Highway 80 W, Opelika, AL 36804

You need something for the farm, call on B.W. and he'll get it if they don't have it. With 50 plus years of service to cattle and agriculture industry in the region, B.W. Capps provides a complete line of seed, seed, fertilizer, garden supplies and full line of Nutrena feeds. From fencing, building, and lumber supplies to steel, welding, plumbing and hardware supplies combined with a desire to serve the customer, you can't miss with B.W. Capp's and Sons. Call Mike at (334) 298-4212 for all your cattle needs.

Lee County Feed & Seed

7747 Hwy 51, Opelika, AL 36801

Lee County Feed & Seed is one of the area's most complete, customer-oriented providers of livestock, poultry, and pet food products. They bring back the feed store of yesterday, the one where your father or grandfather spent hours chatting, and swapping trade secrets with the local farmers and cattlemen. It is a place where you feel welcome, social barriers kicked away, and mutual respect flow as freely as the coffee. We welcome all to drop in, ask questions, stay and chat. LCFS lives and works by the Golden Rule: we treat you exactly like we wish to be treated. We want to become your preferred provider, whether you are a farmer, horse owner, cattlemen, or just a someone looking for a specific brand of food for your pet, or that unique gift for a friend. Call Eric Hilyer at (334)741-5320
