

When you think of cattle, you probably think of steak & leather...

there's more to it than that.

Did you know that there are cattle by-products in things that we use every day?

Everything lotions, creams, soaps & deodorant
from:

to things like:
Crayons, paper & Glue

or even

Antifreeze, auto & jet lubricants,
outboard engine oil, high performance
greases & brake fluids

...SO NOW YOU KNOW WHEN A COW IS MORE THAN JUST A COW.
